Dear Acton-Boxborough Regional School Committee Members,

As you all know, we have a strong leadership team of Central Office Administrators and Principals who will partner with the School Committee to provide leadership and stability during this transition. As a leadership team, we will continue in our commitment to the district's work with student mental health and wellness, helping students find a healthy balance through our *Challenge Success* work, and moving forward with improving our facilities. These important initiatives include possible modifications to our school schedules including later start times and an updated homework policy.

At this time, I think it may be best if the School Committee considers hiring an external candidate to fill the role of Interim Superintendent. I will support any external or internal candidate that you hire in every way possible. I am sure that the full leadership team will do the same. I wish you the best as we move forward together.

Sincerely,

Marie Altieri

Deputy Superintendent
